Accord In Trieste Dispute Reached

Italy Gets Zone A, Yugoslavia Retains B

TRIESTE, Free Territory (AP) —The City of Trieste goes back to Italy Tuesday under an agreement Italy and Yugoslavia will sign in London.

The agreement, announced officially Monday, will end a nine-year dispute that brought Yugoslavs and Italians close to war several times.

This key port at the head of the Adriatic will give Italian troops a flagwaving welcome. When they take over they will be greeted by red, white and green Italian flags flying from windows and by a huge banner sewn by 60 women.

Under the compromise agreement, Zone A of the free territory, including the city, will go to Italy, while Yugoslavia will get Zone B. Marshal Tito's troops have occupied Zone B while U.S. and British troops kept watch over Zone A during the postwar dispute over the territory.

As soon as the London agreement is signed Premier Mario Scelba will report it to the Italian Parliament and demand a vote of confidence to back his action.

Washington and London have been prodding Rome and Belgrade for a long time to end a situation which could cause rejoicing behind the Iron Curtain. U.S. Ambassador Clare Boothe Luce said in Naples Monday the United States felt a solution of the problem would "create a condition in which the whole of the Mediterranean area could be strengthened."

The agreement will free the American Trieste garrison force of about 4,000 for duty elsewhere. The British will pull out about 3,000 troops.

Most of 300,000 inhabitants in the 86-square-mile Zone A have been taking the news of the settlement without excitement. However, tension has been noted in small areas along the southern boundaries which are expected to go to Yugoslavia under the London pact.

Yugoslavia will get more territory in its zone—119 square miles—but fewer people—75,000.

The City of Trieste, with 280,000 has far more residents than all the rest of the free territory.

Italy took over the Istrian Peninsula, including the Trieste area, after Austria's defeat in World War I. After World War II Yugoslav troops entered the city, but the Italian peace treaty of 1947 made the area a free territory with divided occupation zones.

Liner Gives In, Permits Students To Stay On Board

NEW YORK (AP)—More than a score of die-hard transatlantic voyagers stubbornly refused Monday to give up their ship although the ship was perfectly willing to give them up.

The 25 passengers staged a sit-down strike on the deck of the luxury liner Maasdam and threatened to ride her right into a Brooklyn drydock.

Late in the day, the Holland-America Line finally gave in and said the 25 could stay aboard until they sail Wednesday on another liner.

"The 25 passengers who remained aboard... will be fed and accommodated," the Holland-America Line said, as it called off plans to drydock the Maasdam immediately.

The 25 were mostly young German exchange students, returning to Europe after study in this country.

They sailed from Hoboken, N.J., Saturday. But only a few hours out the Maasdam collided with a French freighter near the Nantuxet lightship.

It wasn't a serious accident but the 15,000-ton Maasdam put back for repairs at a Brooklyn drydock.

Students In Capital Demonstrate Against Admitting Negroes

By THE ASSOCIATED PRESS

The first sign of trouble in the nation's capital over mixing the races in schools developed Monday with hundreds of white students demonstrating at two Washington high schools.

Demonstrations against integration spread in Baltimore where two bands of marching students numbering several hundred, paraded through the streets. At least nine Baltimore schools reported demonstrations as classes started.

In Washington, some 400 of the 1,250 students enrolled at Anacostia High gathered across the street from the school and jeered their principals' pleas that they return to classes. The demonstrators booed 43 Negro students who they return to classes. The demonstrators booed 43 Negro students who they return to classes.

One striking student said admittance of 20 additional Negroes to Anacostia Friday caused the demonstration.

A similar demonstration was staged at McKinley High in Washington by about 150 boys and girls but they were persuaded to transfer their protest meeting to a classroom. The meeting broke up in confusion.

Several students criticized admittance of Negroes to McKinley with one girl declaring she was "afraid to walk down the hall. They walk right up behind me and say things I wouldn't repeat."

A majority of the students however, appeared to favor a suggestion by Anthony Green, one of the school's football players, that a committee be named to handle the situation. But dozens of students walked out when another student suggested that the pupils go home and stay out at least a week "if you want the rest to follow you."

The District of Columbia plan for ending racial segregation in schools had brought expressions of hope from President Eisenhower and others that it would become a model for other sections to follow in carrying out the U. S. Supreme Court's ruling outlawing segregation.

The shouting crowds of students in Baltimore made stops at the City Hall and called for Mayor Thomas D'Alesandro. Both crowds were scattered by police but they formed later and continued their marching.

At Southern High School where six persons were arrested Friday after a white man struck a Negro student, school officials estimated only 500 of the 1,700 students enrolled reported for classes Monday. Twenty of the 36 Negroes enrolled attended classes. Fifty policemen were stationed around the school and others were on duty at intersections for several blocks in all directions.

Baltimore schools have an enrollment of 140,957, of which 85,626 are whites and 55,331 are Negroes. Integration programs have been started at 52 of the 190 Baltimore schools.

PILOT SAVED BY GEAR HE FIRST DEMONSTRATED

ST. LOUIS (AP)—The same pilot who demonstrated an arresting cable mechanism for emergency landings when the system was installed Aug. 20 was saved by it Sunday.

The pilot, George Mills, was at the controls of a jet fighter when its landing gear failed on a test flight. But the plane's tail hook caught the cable, stopping it quickly and avoiding a possible serious crash.

STORK FLIES HIGH

LANSING, Mich. (AP)—According to the trend of birth registrations the state health department says 1954 will top even the record 1953 high of 181,318 births.

In the first six months of 1954, 87,915 births were registered, an increase of 6,012 over the same period last year.

American Freed By Czechs Tells Of Day, Night Grilling

NUERNBERG, Germany (AP)—A U. S. Army intelligence officer said Monday the Communists bore down with psychological pressure, including charges of spying, during a nerve-shattering two weeks that he and his soldier jeep-driver spent as prisoners in Red Czechoslovakia.

The Czechs did not beat or abuse us," Capt. Richard H. Dries, 32, of St. Albans, N.Y., told a news conference. "But they applied a tremendous amount of psychological pressure on us."

"They made it clear that they considered us spies and could do with us what they chose. They made us feel like they might keep us in prison forever."

Dries and Pfc. George M. Pisk, 22, of Austin, Tex., were seized by Czech border guards at gunpoint Sept. 17 near Eslarn, Bavaria, while on a routine border mission. They were freed last Saturday at Waldhaus on the German-Czech frontier.

"The whole experience," said

Pisk, a Yale graduate, "was unreal like a Grade B movie mystery. Everything was cloak and dagger stuff."

Both were held in solitary confinement in Prague. They told of being grilled day and night by Czech army officers in civilian clothes.

"They tried to pry military secrets out of us," Dries said, "but we told them nothing."

He quoted a Czech officer as warning sternly:

"We can throw you in jail and keep you just as long as we did William Oatis," the Associated Press correspondent imprisoned two years on a charge of spying.

Dries said he and Pisk had left their jeep and were walking along a German road near the border when they were picked up. He added:

"They blindfolded us and shoved us along in front of them as if to get us into Czechoslovakia as fast as possible. They prodded us in the sides with the butts of their guns. They were not gentle."

Dock Workers In New York Vote To Strike

NEW YORK (AP)—The International Longshoremen's Assn. Monday night voted to strike at the world's busiest port for the second time in six months.

The strike was set for midnight, but its full force on the New York port would not be felt until Tuesday morning. About 25,000 longshoremen work on the New York piers which add up to 350 miles of waterfront.

The union called the strike after rejecting the latest offers of the New York Shipping Assn. The Union wanted to tie in the issue of retroactive pay for the past year—when the union had no contract—with the contract for the coming year.

The employers refused, demanding the retroactive question be settled first and then a new contract for the next two years be negotiated.

Early last April, the union ended a 29-day strike, longest and costliest—an estimated half billion dollars—in New York's history. This was an outgrowth of a bitter jurisdictional fight with an AFL waterfront union.

Since then, the old ILA, thrown out of the AFL last September for alleged gangster-domination, has won a collective bargaining election and has been certified by the National Labor Relations Board as sole bargaining agent for the longshoremen.

What part the fast-dwindling group of longshoremen who supported the AFL will play in the new stoppage was not immediately clear.

'Effectiveness Of McCarthy Has Been Diminished': Hall

WASHINGTON (AP)—Republican National Chairman Leonard W. Hall says that Sen. McCarthy's "effectiveness has been diminished."

Hall made the statement Sunday on an NBC television show in answer to a question whether he considered McCarthy an asset or a detriment to the Republican party.

"To my mind," Hall replied, "the senator did start to fight men—individuals—who were combating communism just as hard as he was doing, and with the confusion, controversy and so on, I think that his effectiveness has been diminished."

He referred in his answer also to the stand he has expressed on several previous occasions:

"I said that I was with Mr. McCarthy when he was fighting Communists, but I just can't go along with him when he is fighting individuals who protest and fight communism just as conscientiously as Mr. McCarthy was doing."

COP Plans Court Fight For Senate Seat Of McCarran

RENO, Nev. (AP)—Republican attorneys Monday announced plans for a showdown court fight to block an election to fill the two-year unexpired term of the late Democratic Sen. Pat McCarran.

Rebuffed last Friday by the State Supreme Court, Lester Summerfield, former GOP national committeeman, said he would go into District Court "as soon as possible" to seek an injunction to prevent the Washoe County clerk from placing the names of Senate candidates on the November ballot.

Summerfield's made his statement a few minutes after Democratic attorneys refused to go along with what Summerfield called "a friendly court test" of Nevada's election code.

The stakes in the legal tussle are high: Republicans are battling to keep Gov. Charles Russell's Republican appointee—Reno Atty. Ernest Brown—in the Senate seat for the full two-year balance of McCarran's term.

Should an election be held, the winner would take office Jan. 3.

AUTO PRODUCTION GETS BOOST

DETROIT (AP)—Auto production gets another boost this week as Chevrolet, Pontiac and Chrysler start assemblies of their 1955 models.

First of the new 1955 models to be displayed by dealers will be the Studebaker line. The cars are to be shown throughout the country on Wednesday of this week.

Chrysler's four lines will be shown on dealer floors on Nov. 17, and General Motors' Buick, Oldsmobile and Cadillac models during the following week.

Pontiac and Chevrolet get their public presentation ahead of all others of their major competitors at the end of October.

Thus, all the big guns will be in the field by Dec. 1.

Predict French Approval Of London Agreement

Wilson: Percentage Of Security Risks Is Quite Small

DENVER (AP)—Secretary of Defense Wilson declared Monday the number of security risks under investigation or already ousted from the nation's four-million-man military setup "is happily quite small in percentages."

Wilson's statement at a news conference after a meeting with President Eisenhower came against the background of the hot political controversy over Vice President Nixon's recent assertion that the administration is "kicking the Communists and the fellow travelers and the security risks out of the government, not by the hundreds, but by the thousands."

Stephen Mitchell, chairman of the Democratic National Committee, has called on Nixon to name "the Communists who have been kicked out" or repudiate his statement and apologize to the public.

Nixon told reporters in Pineville, Ky., Monday that "thousands of Communists and security risks have been removed from the federal payroll." He said "I have the facts and the figures to back up the statement completely."

In reply to a question, Wilson said he brought with him from Washington no precise figures on how many security risks have been removed from the Defense Department's total force, or on how many persons are under investigation now.

But he added that even 1,000 such risks among Defense Department civilians and men and women in uniform—four million altogether—"would be a small percentage." He stressed he was not saying the number actually is 1,000.

In response to another question, Wilson said he believes the Defense Department probably has fewer security risks on a percentage basis, then perhaps some other government agencies because "the military people are a little tougher than some of the others" in rooting out risks.

Meek Takes Coffee, Answers Questions Of COP Women

CARLINVILLE, Ill. (AP)—Joseph T. Meek Monday mixed coffee and Republicanism in an attempt to find the solution to the enigmatic woman vote.

Meek, GOP senatorial nominee, tested his brew at one of the first "Meek Coffee Hours" at the home of the wife of a Carlinville glove manufacturer.

This was also the start of many similar coffee hours to be held before the Nov. 2 election by Republican women throughout Illinois.

Meek opposes Sen. Paul Douglas in that election.

The women peppered Meek with questions ranging from his stand on Sen. McCarthy (R-Wis.) and foreign policy to local issues.

His answers:

"I think all of us believe that some of McCarthy's methods may not be exactly proper at times," said Meek. "But I also believe that all of us must support the objectives of his committee of exposing Communists."

"I don't think I should discuss specific issues (of foreign policy), because I don't believe any candidate should embarrass President Eisenhower when he is dealing with the delicate issues of foreign relations."

"However, I can truthfully say that I will support President Eisenhower on his foreign policy," he said.

Mrs. Charles Ashworth, wife of a Carlinville banker, said, "I think you ought to hit the positive things of the Eisenhower Administration more. Instead of taking the negative approach of criticizing your opponent so much."

Meek agreed she had a "justifiable criticism" and said that from now on he would pin his campaign almost entirely to the accomplishments of the Eisenhower Administration.

The coffee hour was crowded into a busy campaign day that included a visit to a mine near Farmersville, a rally at Hillsboro, a dinner meeting at Greenville and a late speech at Carlyle.

Meek's wife, Margaret, spent the day in Chicago representing him at nine coffee hours.

The average length of life of U.S. industrial workers has increased from 34 years in 1879-1899 to 68.9 years in 1953, Metropolitan Life Insurance Co. statistics indicate.

Britain, France Hail Soviet Atom Plan As A Step Forward

UNITED NATIONS, N.Y. (AP)—Britain and France Monday hailed the new Russian proposals on atomic control as a step forward, but emphasized they want to know exactly how far Moscow has gone toward agreement with the West.

Selwyn Lloyd, British minister of state, gave the first Western answer to the atomic resolution introduced by Russia's Andrei Y. Vishinsky last Thursday. His stand was quickly endorsed by the chief French delegate, Guerin du Bosq de Beaumont.

Lloyd told the U. N. Assembly the Vishinsky plan is an apparent move toward proposals laid down by Britain and France in secret U. N. disarmament talks in London last June 11.

"That is a face to be welcomed," Lloyd said as the ranking Russian delegate in the hall, Jacob A. Malik, took notes. Vishinsky was absent.

"It may be," Lloyd added, "that their resolution is put forward solely to confuse the domestic political situation in countries considering a German defense contribution."

However, he added, Britain will deal with these problems in the various U. N. bodies which will consider them and will never give up efforts to reach an agreement.

The Russian resolution sets up a complicated scheme of reduction and elimination by stages of atomic and hydrogen weapons and reduction of other weapons. It proposes an international control agency. Lloyd asked why was it necessary to have at first a temporary agency, as Vishinsky suggested, to be followed by a permanent agency. He asked whether decisions of the agency would be subject to a veto.

The French delegate in his speech to the assembly, said Vishinsky's proposals "deserve our full attention."

The first detailed debate between East and West will come later this week in the political committee.

While Lloyd had kind words to say about the Russian move in the atomic field, he ripped into Vishinsky's speech on other points, especially those dealing with the Russian pleas for coexistence between capitalist and Communist states and on U. S. foreign policy.

Lloyd defended the United States and called on the Russians to substitute hard words with actual deeds if they really want cooperation for peace.

Lloyd said the countries on "this side of the Iron Curtain" want peace and are ready to negotiate. Then, with Malik scribbling notes rapidly, Lloyd said:

"But there is much evidence at the present time that peaceful coexistence represents in the eyes of the Communist rulers coexistence to the extent of the avoidance of an atomic world war, but apart from that the continued support of disruptive and subversive forces working for the Communist world revolution."

"It lies with the Moscow and Peiping governments to refute this evidence by deeds. That would be a decisive contribution to world peace. It would transform the world scene."

Most thunderstorms occur on the island of Java.

Assembly Reconvenes Thursday

PARIS (AP) — Chances for French parliamentary approval of the London agreements to rearm West Germany appeared bright Monday.

Members of center and rightist parties as well as followers of Gen. Charles de Gaulle praised Premier Pierre Mendes-France for protecting French sovereignty and retaining a close partnership with Britain in the nine-power negotiations.

The key to the success of the new plan, which replaces the European Defense Community army plan killed by the French Assembly, appeared to lie in the hands of the left-of-center Popular Republican Movement (MRP), and the Socialists.

One MRP member, who declined to be quoted by name, predicted the premier will swing a substantial majority behind the decisions to bring West Germany into expanded Brussels alliance and the North Atlantic Treaty Organization.

Mendes-France, taking the initiative to prevent any buildup of opposition in parliamentary circles through delayed consideration, has called an extraordinary session of the assembly beginning Thursday to hear his report on the London talks. The ratification vote, however, may not come for several weeks.

When the legislators reconvene, this likely will be the attitude of the key MRP and Socialist parties: MRP, the party of Georges Bidault and Robert Schuman, is staunchly pro-European. The party strongly backed the defunct EDC plan, and many members are still bitter against Mendes-France, who had no part in negotiating EDC, refused to stake his government's future on that treaty in a vote of confidence and sharply criticized the plan himself.

The Socialists, whose support could give the premier an overwhelming margin on the London agreements, scheduled a meeting of their executive committee for Wednesday night.

Political observers think Mendes-France probably will ask the assembly to endorse the general outlines of the London accords without committing itself at this time to a precise treaty text. This could strengthen the premier's hand, particularly on the Saar issue, when Allied statesmen begin drafting the final treaty texts later this month.

While Paris was optimistic over chances for eventual assembly approval of the new plan, a note of caution crept into West Germany's generally hopeful view.

In Bonn, independent newspapers warned the London conference package was not yet wrapped and laid. One said there was a "general air of tension" over the role the French Assembly will play. Other independents agreed France holds the key.

Various West German political parties, including Chancellor Konrad Adenauer's own Christian Democrat Union (CDU), were still (Continued on Page Nine)

CALL STRIKE AGAINST PULLMAN CO.

CHICAGO (AP)—The order of Railway Conductors has called a strike against the Pullman Co. effective Oct. 19.

J. A. Padock, senior vice president of the ORC, said Monday the union has sent a notice to locals instructing them to set up picket lines if the strike begins and to request all service employees to respect the lines.

Padock said the strike would affect 1600 Pullman conductors who are demanding a 5-cent-an-hour wage boost and a third week of vacation.

F. J. Boeckelman, manager of employee relations for the Pullman Co., said the company believes a conductor's strike would be a violation of the Railway Labor Act since the dispute is under consideration by the National Mediation Board.

Two Brothers From U.S. Ask Soviet Asylum, Press Told

BERLIN (AP) — Two brothers from Westville, N. J., who have dropped out of sight mysteriously a couple of times, turned up at a Communist news conference Monday and announced they have asked political asylum in the Soviet zone.

James Starr, 31, an oil worker, and William Henry Starr, 30, an electrician, were prize exhibits of the East German government's press chief, Fritz Beyling in the specially called conference.

The Starrs said they defected because they "disagreed with the ruling clique in the United States" and were convinced that American policy is to prepare for a third world war. They declined to tell Western newsmen present whether they were Communists. Pale but apparently healthy, the were dressed neatly in dark suits.

James and William Starr are two of the six sons of Mrs. Grace Starr, a widow who described herself as flabbergasted when news of their desertion to the East was relayed to her in Westville. She said the two had left home Feb. 1, 1953, saying they were going to New York for a couple of days, and never returned—"I thought they were dead."

American officials said

Editorial Comment

TAXES AND POLITICS

What's happened to the nation's taxes in the last couple of years has become an issue in this election campaign, and the subject deserves a little examination.

The Republicans say they voted tax cuts amounting to several billions of dollars and overhauled a tax structure full of inequities and creaking with age.

The Democrats say most of the cuts voted had actually been approved by a previous Democratic Congress, and that the rest are designed to benefit the rich with the thought that part of these gains may "trickle down" to the poor folk.

The labor leaders particularly complain at the "lack of humanity" in Republican tax bills.

What is the story?

We acquired our high federal income tax level during World War II, when of course we had to raise as much current revenue as we could to hold the public debt down. But in the immediate postwar years, the incumbent Democratic regime did not enact or even propose a tax reduction. A \$4 billion cut was approved by the Republican 80th Congress.

Later, upon the outbreak of the Korean war, new tax burdens were imposed until rates approached those prevailing before the cuts. The Democratic Congress in power did place "terminal dates" on these increases both in personal and corporate levies.

Those dates came up in 1954, by which time the Republicans held the White House and Congress. The personal cuts were allowed to take effect as originally provided, but there was some modification in the corporate tax picture before reductions were voted.

The Democrats now wish to take credit for those personal and corporate tax cuts. But the fact is, former President Truman's last budget called for about \$12 billion more in government outlays than the GOP Congress under President Eisenhower finally voted.

It is very difficult to see how such marked tax cuts would have been allowable if the budget had been \$12 billion bigger this year. The savings that made them possible were Republican, not Democratic savings.

In 1954 the huge tax revision bill, aimed principally at modernizing the tax structure rather than providing specific tax rate relief, was pushed through by the GOP. Democrats assailed it on the ground it did nothing for the average consumer whose income was falling as the economy declined. They proposed to increase personal income tax exemptions from \$600 to \$700.

But this bill was not intended to give general relief. It was the President's conclusion that the state of the budget would not at this time permit further rate cuts or boosts in exemptions. He believed more savings were necessary first.

The Democrats, not having the responsibility of the budget, gave no concern to this aspect of the problem. They simply urged what amounted to a tax cut, and belabored the GOP for being so inhumane as to deny voting one.

The record shows, however, that when they were in power they never really put into effect a single tax reduction except once to lift the World War II excess profits levy. The Democratic performance is a virtually unbroken catalog of tax increases.

Most or all of these boosts may well have been necessary. But they do not give the Democrats license to chide the GOP for not making tax cuts of a sort they never made when they had the chance.

The World Today

By ED CREAGH
(For JAMES MARLOW)

WASHINGTON #—That touchy question of secrecy on the part of your government has cropped up again.

Last June the Eisenhower administration set up a new system of keeping tabs on government employees to prevent such things as the housing scandals which have been in the public eye.

On the face of it, this sounded praiseworthy enough. At least it probably would have if the public had heard about it. But except for top people in the government nobody did hear about it. The story never reached the public until the Washington Star "broke" it a few days ago.

Then, right away, the very secrecy of the program stirred up doubt about it. The White House felt it necessary to deny it was some sort of "super-snooper, Gestapo-like" system for poking into the private lives of federal workers.

Just what is the program? Well, the text of the order setting it up now has been published—though not with official sanction. It shows the program would (1) set up inspectors general offices, like the Army has, throughout the executive branch, and (2) allow the inspectors to investigate the "conduct" of government employees.

The order went out—with President Eisenhower's approval, the White House says—in the name of Budget Director Rowland Hughes. Hughes still won't talk about it and neither will the people who work for him.

But Philip Young, chairman of the Civil Service Commission and a White House adviser, says it's nothing to get excited about—"just a routine operation."

Young says many government agencies already have their own inspection systems. And the Budget Bureau, he says, was only calling to the attention of the agency heads the necessity for maintaining "the proper and appropriate conduct of employees."

There's that word "conduct" again. What does it mean? Official conduct? Or what an employee does in his spare time? Or what?

Murray Snyder, assistant White House press secretary, says: "There is nothing in the (Budget Bureau) that deals with the private lives of government employees."

But Snyder also says the order "deals with the manner in which employees do their jobs, and anything that relates to that."

And another government official, who doesn't want his name used, says:

"The primary purpose of the order is to have a dignified check made on those employees with outside interests and activities to make certain they don't conflict with those of the agencies in which they are employed."

In spite of official reassurances, the Washington Star still finds "two big flaws" in the program. "Inspectors were allowed enough leeway to pry into government employees' private lives."

"The whole operation was kept secret."

And the Star complains it is nowhere made clear just what sort of "employee conduct" the inspectors are free to inspect. "Conceivably they could knock on the employee's door in the night and ask impertinent questions."

Maybe this is borrowing trouble. And maybe such questions wouldn't be impertinent if the employee happened to be shooting craps with a handful of the taxpayers' money.

But somebody, it would seem, borrowed some unnecessary trouble by trying to keep the whole program hush-hush.

20 YEARS AGO

Joe Baker of Rockhouse celebrated his 82nd birthday.

A thief stole a violin valued at \$3,000 from Prof. William E. Krutz at Illinois Wesleyan University, Bloomington.

Ret. Harry Lethman was elected president of the Jacksonville Municipal association.

Hundreds of baseball fans watched the World Series on the Jacksonville Journal Courier big board.

50 YEARS AGO

Mrs. Elizabeth McCarthy, 80, died at the home of her son Dennis McCarthy, 121 Morton avenue.

"The Runners" appeared at the Grand Opera House in this city.

Fraud Leach drove his automobile to Springfield in two hours and ten minutes. He was accompanied by Harry Richards, John Pern and George Wolke.

Hitching racks were constructed around the Asbury Church.

UNION FAMILY

PATERSON N. J. #—Mrs. Fred Newbury says there isn't much difference between running a union and raising a family. And the 32-year-old mother of four is president of the 3,000-member Local 420, International Union of Electrical Workers, CIO.

When she was asked for an example of union-family similarity, Mrs. Newbury's daughter, Roseann, 12, answered saying:

"Everybody tries to say something at the same time."

Mama smiled in agreement.

"Hear Ye, Hear Ye, Hear Ye!"

★ DR. JORDAN SAYS ★

Bed Rest Will Help Save Limbs of Neuritis Victims

BY EDWIN P. JORDAN, M.D.
Written for NEA Service

Again the request has come in to devote a column to the subject of polyneuritis. Most readers, perhaps, are more familiar with the term "neuritis" which has been discussed more frequently. Actually, there is not a great deal of difference since the "poly" part of the name merely means inflammation and pain in several nerves instead of a single one as is the case in neuritis.

Polyneuritis is often an irritating problem. Too frequently it tends to get worse as time goes on, though this is not always the case. Not infrequently the parts of the body supplied by the affected nerves show weakness, wasting of the muscles, pain, tenderness and even changes in sensation or the ability to feel.

SOMETIMES the pain is severe and once in a while the interference with sensation is so great that a pin can be stuck into the skin of the affected areas without being felt at all.

There are a host of possible causes. Most of the well-known metals, such as mercury, bismuth, arsenic and lead are responsible in some cases. Vitamin deficiency diseases, particularly beriberi, which is a vitamin "B" deficiency and pellagra may be at fault.

POLYNEURITIS sometimes develops from general dietary deficiencies during pregnancy and in the presence of such general diseases as diabetes or pernicious anemia. Chronic alcoholism can produce this condition. Infections may also produce polyneuritis. Polyneuritis is a frequent symptom of so-called rheumatic infection. It may complicate typhoid fever, scarlet fever, influenza, mumps and

almost any of the well-known infectious diseases.

Whether severe or mild, the cure of polyneuritis depends on finding the cause. If caused by a vitamin deficiency for example, the proper treatment is to treat that deficiency in the diet. When complicating known infections, recovery generally takes place without special measures as the patient improves from the disease responsible.

REST IN BED is usually needed not only because of the muscular weakness, but also because the heart may become involved. Serious deformities can develop because of the muscular weakness if the limbs are not supported by splints, sandbags or other means.

A victim of polyneuritis is indeed to be pitied. The pain and the muscular weakness usually interfere with walking or with the use of the hands and arms, depending on where the trouble is located. Treatment usually requires great patience on the part of the "patient" and ingenuity on the part of the physician.

THOUGHTS

And thou shalt know that thy tabernacle shall be in peace; and thou shalt visit thy habitation, and shalt not sin.—Job 5:24

Sin is the insurrection and rebellion of the heart against God; it turns from Him, and turns against Him; it takes up arms against God.—Richard Allester

The Mature Parent Words of a Medieval Sage for A Mother 'Sick With Fear'

BY MRS. MURIEL LAWRENCE

Louise B. is 22. For the past year she's been involved in an agonized love affair with a married man, father of two children. He can neither decide to get a divorce nor to stop seeing Louise.

Her mother writes: "Under the strain of watching this child's suffering, I have lost control of myself. I am sick with fear. I hate this man for what he is doing to four people."

Sometimes when fears reach the point where we cannot control them, we are ready to give them up.

We are ready for the truth. So for Mrs. B. I got special permission from Harper Brothers to quote from the work of a medieval sage who possessed the truth. His name was Meister Eckhart, and he wrote these words:

"If God does not remove your faults, then bear them, not thinking of them as sins, but as great disciplines to exercise the virtue of patience with yourself. Our mental processes often go wrong, so that we imagine God to have gone away. Look for Him where you think that He is lost. It is impossible that any person should ever find true comfort when he looks to a creature for it. One bursts through the world of creatures when he lets go of the things he has loved."

"Nothing tests the perfection of love better than trust. Nothing can hinder the effort of virtue any more than God Himself can be hindered. Thus a pure heart is one that is unencumbered, unworried and does not ask its own way. Rather, it prays that all its senses be submerged into the loving purpose of God."

One must learn an inner solitude wherever and with whomsoever he may be. Be spiritually private, guarding the mind carefully against intruders.

"Sorrow comes of loving what I cannot have. If I am sad about loss, it is a sure sign that I love external things and enjoy my sorrow and disease. What is mine is comfortable. What I have lost, since I have lost it is not mine. It can only cause me discomfort."

"God urgently desires that you, the creature, get out of his way. Ah, beloved people, why won't you let Him work?"

It would not be becoming for me to comment upon these concentrations of thought evolved by a great student of Christianity. However, I feel that they are what Mrs. B. is seeking from me.

Her child must have something to learn. Whatever it is, she must heed the discoveries waiting in this experience.

If Mrs. B. can use these quotations from the book "Meister Eckhart," she will herself be able to wait quietly until the discoveries are complete. And in turn be ready to help her child to use them.

★ LARSEN IN WASHINGTON ★

Fast Pace of American Life Is Not Necessarily Killing

BY DOUGLAS LARSEN
NEA Staff Correspondent

WASHINGTON—(NEA)—Americans just think they're living it up too much these days and that the pace of existence in the U.S. is a killing one.

This notion has been spooned out for a long time but doctors are beginning to debunk it. They're saying that the pace may be too slow, in fact, for best health.

Another popular idea that needs more light shed on it is the claim that there's something inherent in the American way of life which makes death from heart diseases more prevalent in the U.S. than in any other country.

There are holes in these statistics and they may lie, doctors now claim.

These changes in thinking were revealed recently during the Second World Congress of Cardiology and the 27th Scientific Session of the American Heart Association. The country's outstanding specialists and famous surgeons from all over the world were present.

"EVERY GENERATION thinks that its existence is more hectic, more hazardous, more significant and more strenuous than the past one," says Dr. Irvine H. Page of Cleveland, one of the most famous high blood pressure specialists in the country.

"You hear claims that such things as the cold war upset people to the extent that it hurts their health," he says. "That just isn't true as far as heart troubles are concerned anyway," he claims, "because here are too many other factors that go into causing them."

Dr. Irving S. Wright, another heart specialist from New York, expresses the same point of view.

"I'm unimpressed with the so-called fast pace of American life as being any factor in the country's alleged high death rate from heart disease," he states.

"In fact, he says, 'I'm not altogether convinced that the United States does have such a high mortality rate due to heart disorders compared to other countries.'"

BOTH WRIGHT AND PAGE point out that the existence of so many older people in the U.S. due to better medicine which keeps them alive longer, accounts for the seemingly high rate of deaths from heart trouble.

"In a lot of these countries, especially in Asia, where they claim

to have low heart disease death rates, you find that the average person doesn't live long enough to die from a heart attack," points out Dr. Page.

"If the people in those countries lived longer it's obvious that a lot more of them would have a chance to die from various heart disorders," he insists. "But they're killed by something else before they get the chance," he adds.

Both Page and Wright also challenge the reliability of statistics from other countries bearing on this subject. "The Scandinavian countries, England and maybe one or two other European countries probably keep figures on the causes of death about as accurately as we do in the U.S.," says Dr. Wright.

"But it's obvious that in India, for instance, a lot of people die and are buried with no examination made of what they died from," he says.

ONE OF THE GOALS of this international gathering was to try to isolate the specific causes of heart diseases peculiar to various countries. But the variance in the reliability of statistics made this difficult, most doctors agreed.

Practically all of the U.S. doctors there did admit that there are probably two elements in American life, not present to the same extent in many other countries, which tend somewhat to increase the average American's chances of getting heart diseases.

One, pointed out by Dr. Page, is the fact that Americans are becoming sedentary in their way of life. Greater use of automobiles, more labor-saving devices in homes and factories and TV viewing which keeps people sitting in their homes, all contribute a little to this condition.

And physical inactivity, more doctors are claiming all the time, is bad for the heart.

The other element in American living bad for the heart, the doctors agree, is a high fat diet enjoyed by most Americans. Fatty substances tend to collect on the linings of arteries and make the pumping of blood more difficult for the heart.

"But we can't be positive about any of these things in regard to heart disease and modern living," one doctor claims, "because medical records show that people were dying from heart diseases before they had high fat diets and cold wars."

American Menu

Low-Cost Flank Beef

Makes Tasty Pepper Steak

BY GAYNOR MADDOX
NEA Food and Markets Editor

Lean, less tender but full-flavored beef is now very low priced and there's a huge supply on the market. It's a top source of essential protein and when properly cooked, produces wonderful dishes.

Also abundant and reasonably priced are fresh vegetables that go perfectly in lean meat dishes.

Pepper Steak

(Yield: 4 servings)

Two tablespoons shortening or beef suet, 1 pound round or flank steak, 1 teaspoon salt, 1 teaspoon ground black pepper, 1 cup flour, 1 small onion, chopped; 13 cups chopped green pepper, 1 cup water.

Heat shortening in a heavy skillet. Cut steak into strips, 1 inch wide. Roll in flour seasoned with the salt and pepper. Brown in hot shortening. Add onions and saute. Add green pepper and water. Cover. Simmer until tender. Add more water if necessary.

The less expensive lean cuts of beef can have the same food value and be as delicious as higher priced steaks and roasts if carefully cooked.

Success lies in cooking them longer, with added moisture and a cover.

But keep the amount of added liquid to a minimum for tenderness, as well as good texture and flavor. The "braising" method of cooking consists of browning the meat in fat, then cooking it slowly in a covered pan, with or without

added liquid, to the well-done stage.

For stews and soups, cook the meat slowly in a small amount of water. It is usually browned before the liquid is added for stews and brown stock, and cooked without browning for light soup stock.

Less tender cuts may also be cooked under pressure. The meat cooks in a much shorter time and retains about the same amounts of nutrients as when braised or stewed.

TOMORROW'S DINNER:

Pepper steak, baked potatoes, buttered broccoli, seeded rolls, butter or margarine, raw carrot sticks and celery, applesauce, gingerbread, coffee, tea, milk.

SO THEY SAY

The ugliest of our exhibitionists and the bitterest criticism of our public policy in two years has come from Republicans.

—Adlai Stevenson.

Any male or female who is not consciously interested in dressing as perfectly as possible is really not a human being at all.

—Fashion expert Elizabeth Hawes.

I think (Red) China means no more business against Formosa than Chiang Kai-shek means against the mainland.

—British Laborite Aneurin Bevan.

Ruth Millett

Wife's Actions Have a Lot To Do With Mate's Success

You have a lot to do with whether or not others regard your husband as a successful man.

As his wife you are either a good manager who can get the most out of every dollar he earns, or you are an indifferent manager who thinks the only way for the family to have more is for the husband to earn more.

As his wife you make sure that the world knows you have respect for your husband's abilities and opinions or you show little faith in his ability. As his wife you can choose for your friends couples who are stimulating and from whom you can both learn or you can waste leisure time on dull, uninteresting people.

ENCOURAGE MATE TO BETTER HIMSELF

As his wife you can encourage your husband to take a chance—what the chance taken is a reaching out for something better—or you can hold him back by throwing a wet blanket on his plans to get ahead.

As his wife you can encourage him to be dissatisfied with his job, critical of his associates by pointing out every injustice you see and every fault, or you can encourage him to feel that he is appreciated and to see the best in the people who work with him.

As his wife you can show the world the face of a woman who wouldn't trade places with anyone else, or you can talk "poor mouth" and trouble until you sell the idea that you don't marry as well as you could have.

No matter what his job or his income—you, as his wife, have a lot to do with whether or not the world thinks your husband is a successful man.

Manners Make Friends

If you're the book-buying type, and friends and neighbors are always borrowing them, be sure your name is in each book, and keep a list of the borrowers.

Books and umbrellas are often considered communal property by thoughtless persons. It's not a breach of manners to keep track of your belongings and ask for their return after a decent interval of time. It's just self-preservation.

In Hollywood

By BOB THOMAS

HOLLYWOOD #—Ever since Stanley Kramer cast Robert Mitchum as Lucas Marsh in "Not as a Stranger," the producer has been getting comments in the mail like these:

"In heaven's name, please don't put that Mitchum person in 'Not as a Stranger.' The man should be young. Maybe Farley Granger could do it. If only you could get Montgomery Clift!"

"What in the name of heaven have the writers done to that sensitive part that a burly, crude lead such as Mitchum would even be considered?"

"I found Lucas Marsh a quietly intriguing and intelligent man; he is the kind of man I married. Lew Ayres or Cornel Wilde could do the part justice. How shocked and distressed I was when I read you had chosen Robert Mitchum of all people to play this nice fellow!"

Thousands of other readers of the best seller have deplored the casting. It's enough to give an actor an inferiority complex. That is, any actor less thick-skinned than Mitchum. His comment on the protests:

"They say I can't do the part. I say I can. That's what makes horse races."

Producer Kramer, who is directing for the first time in "Not as a Stranger," explained why he chose Mitchum despite the protests.

"I have talked to many surgeons since I started work on this picture over a year ago," he said. "I have found that most of them are big, rugged men. They are butchers, not in the derogatory sense but in the nature of the work they do. It takes a strong man to cut up human beings and to withstand the strain of hours over an operating table. That's why I picked strong personalities—Mitchum, Broderick Crawford, Charles Bronson—to play the surgeons in this picture."

A Glance INTO THE PAST

10 YEARS AGO

Dr. A. J. Henderson accepted a position on the faculty at MacMurray College.

A former Jacksonville man, First Lieut. Richard McDonald, 24, was killed in action in France.

A resident of Bath, Mrs. Elizabeth Schoonover, 58, died at Peoria.

Greene county's fall festival was scheduled for October 13-14.

20 YEARS AGO

Joe Baker of Rockhouse celebrated his 82nd birthday.

A thief stole a violin valued at \$3,000 from Prof. William E. Krutz at Illinois Wesleyan University, Bloomington.

Ret. Harry Lethman was elected president of the Jacksonville Municipal association.

Hundreds of baseball fans watched the World Series on the Jacksonville Journal Courier big board.

50 YEARS AGO

Mrs. Elizabeth McCarthy, 80, died at the home of her son Dennis McCarthy, 121 Morton avenue.

"The Runners" appeared at the Grand Opera House in this city.

Mrs. Belote Begins Work As Home Adviser In Greene

CARROLLTON — Mrs. Ethel Belote, wife of Everett Belote of Jerseyville began her work as Greene county home adviser Oct. 1. Mrs. Belote succeeds Miss DeLores Parrott who resigned to accept a position as home adviser in Knox county with offices in Galesburg.

Mrs. Belote holds a bachelor of education degree from Western State College at Macomb and taught in the Murrayville and Buckley, Ill. schools before her marriage. This summer Mrs. Belote was assistant home adviser in Morgan-Scott counties. Her husband is an industrial arts teacher in the Jerseyville Community Unit high school and the Belote family are making their home in Jerseyville.

Mr. and Mrs. Florus Volles Sr. formerly of this city who have been residing in Elgin for several years are returning to Carrollton to make their home and will move Sunday to the home of Mrs. Henry Beebe where they will reside. Volles who is a barber has not decided definitely that he will resume his barbering trade here. Both Mr. and Mrs. Volles Sr. were state employees while in Elgin.

Rain Postpones Start Of Work On Big Pipe Line
Because of unfavorable weather, work on the water transmission line to the Illinois river was postponed by the contractor Monday.

It had been planned to start operations on the Harvey Vortman farm west of Chapin in Scott county Monday morning, but when rain began falling it was decided not to start operations.

The Tenson Construction company of Kansas City, Mo. has its machinery in place ready to start operations.

A back-hoe digger was in place and other equipment was set ready to start installing the large prestressed concrete pipe. According to engineers, the back-hoe digger removes the dirt for the installation of the pipe. After the digging of the trench, the same machine lowers the pipe into the trench and covers it partially.

The huge pipes weigh 5200 pounds and are 16 feet long.

Several loads of prestressed pipe have already arrived and placed at convenient points along the 23 mile pipe line. The pipe is being hauled from the Price Prestressed Concrete Pipe company at Dayton, Ohio.

Weather permitting, work will start Tuesday with members of the city council, citizens committee and other interested citizens attending the ground breaking ceremonies.

'The Canaries'

Patients and personnel of Passavant Area Memorial hospital call the members of Girl Scout Troop 19 "the canaries."

The girls come out to the hospital every evening at 4 p.m., don gay bright yellow pinafores over their school dresses and make themselves useful around the place. They run errands, man the elevators, carry flowers and newspapers to rooms, etc., etc.

The troop was formed when the girls were in the fourth grade of Washington grade school. The lead-

ers are Mrs. Norman Carlson and Mrs. Robert Hartman.

The girls are shown here in the hospital solarium as they gathered to hear a special program they prepared for WLDS, as it was broadcast at 4:45 p.m. Saturday.

Seated in the rear, from left, are Mary Holman, Barbara Dollear and Donna Keppler. On the floor are Sally Clifford, Patty Painter, Donna Arenz, Carol Abbott and Jo Ann Dewees. One member of the troop, Virginia Gronseth, was absent when the picture was made.

Hog Prices Drop To 20-Month Low; Top Steers Gain

NATIONAL STOCK YARDS, Ill.—Seasonally large supplies and reduced pork prices dropped the hog market to a 20-month low, according to the Producers Live Stock Marketing Association. Lambs, on the other hand, registered a sizable net gain for the week, and cattle were unevenly steady to moderately higher.

Reflecting stepped up production, salable hogs for September totaled the largest in 10 months and were 11 per cent above those of a year ago. Supplies are expected to continue relatively liberal throughout the fall period, at least.

With barrows and gilts showing a net loss of 75c to \$1 for the week, Friday's hog top rested at \$19.35 cwt., or the lowest since February 3, 1953. The top a year ago was \$24. Packing hogs finished mostly 25c lower, with the closing top

\$18.25. While good and choice steers and heifers strengthened 50c, lower grades were little better than steady. Cows finished strong to 50c up, and bulls dropped 50c. Choice steers bulked for the week at \$23 to \$25, top \$26 paid for a short load of prime 1092-lb. offerings from Christian County, Ill. Mixed yearlings topped at \$24.60. Stocker and feeder cattle were in fair demand at generally steady prices, and veal calves advanced \$1 to spots up \$2, late top \$23, paid sparingly.

Salable receipts of cattle, and calves during the first nine months of the year at 951,786 head were the largest for any similar period since 1947.

Aggressive buying in lambs lifted values \$1 to \$2 for the week, after allowing for a dull close. The greatest advance was on shorn offerings. Yearlings and aged sheep remained unchanged. The week's top on woolled lambs was \$21.25, with best clip going at \$20.25. However, over 70 per cent of the lambs consisted of good to prime grades that sold from \$18 to \$20.50.

Steer and heifer beef at Chicago closed steady to 1c a pound lower; veal and calf steady; spring lamb 1c higher; pork loins 4 to 5c reduced; Boston butts 4 to 8 pounds, and spareribs under 3 pounds, 2c off.

MEN PAST 40

Troubled with GETTING UP NIGHTS
Pains in BACK, HIPS, LEGS
Tiredness, LOSS OF VIGOR

If you are a victim of these symptoms then your troubles may be traced to Glandular Inflammation. Glandular Inflammation is a constitutional disease and medicines that give temporary relief will not remove the causes of your troubles. Neglect of Glandular Inflammation often leads to premature senility, and incurable malignancy.

The past year men from 1,000 communities have been successfully treated here at the Excelsior Institute. They have found soothing relief and a new zest in life. The Excelsior Institute, devoted to the treatment of diseases peculiar to older men by NON-SURGICAL Methods, has a New FREE BOOK that tells how these troubles may be corrected by proven Non-Surgical treatments. This book may prove of utmost importance in your life. No obligation. Address Excelsior Institute, Dept 3711 Excelsior Springs, Missouri.

Sour Stomach?
Why don't you carry TUMS?

Don't let acid indigestion get the best of you. Don't suffer needlessly from heartburn and gassy pressure pains. Do as millions do—always carry Tums for top-speed relief from acid stomach distress. Tums can't over-alkalize, can't cause acid rebound. They require no water, no mixing. Get a handy roll of Tums today!

So economical—only 10¢ a roll 3-roll pkg. 25¢

MEMORY LANE

FIRST NICKEL
Remember the first nickel you earned? For days you pondered whether to save it or spend it! Father favored the former plan—many a rich man has started with less. On the other hand, you fairly drooled at the mere thought of an ice cream cone or candy bar. Finally you compromised—buying two all-day suckers and saving the rest. Remember?

A Cody & Son service is a lovely tribute to the departed and a source of much comfort to those who remain.

Dream Bread...for Dreamy Meals...

FAMOUS, ENERGY-PACKED

Sunbeam BREAD

Dream Bread!

WHAT is *dream bread*? It is the loaf you hope to find when you choose from the different brands you see at your grocer's.

It tastes as good as it looks...and because of the pride and integrity of its baker, you know it is as good for you as it is good to eat.

That is the kind of loaf your neighborhood Sunbeam Baker dreamed of, too. And that is why, today, Sunbeam Bread is every-

thing you could possibly hope good bread to be: made only of the choicest ingredients...with the finest equipment...and baked to perfection by your neighborhood independent baker whose heritage is in the finest traditions of baking skills.

That is why you should look for Miss Sunbeam at your grocer's. When you see her you will know that at last your *dream bread* has come true.

*You
can enjoy

W.S.C.S. Planning Holiday Project At Grace Church

The large project of the year for the Grace Methodist W.S.C.S. will be the Holiday House Bazaar to be held all day Wednesday, Dec. 1 in the basement of the church. A meeting was held Friday and appointments made. Committee chairmen reported and conclusive plans set underway for preparation for the luncheon and bazaar.

The general chairman for the project are, Mrs. R. H. Harper, Mrs. John Taylor and Mrs. Earl Grojean. Serving on the decorating committee, are Mrs. J. I. Graham as consultant, are Mrs. Robert Jacobs, chairman, Mrs. John Reardon, Mrs. John Herrin, Mrs. Darrell Wilson.

Other sub-committees and their project booths include: aprons, Mrs. Ernest Stout and Mrs. Ivan Garrison, co-chairmen; kitchen, Mrs. Emily Hunter and Mrs. Ira Short, co-chairmen; Christmas Surprise Packages, Mrs. Kenneth Ward and Mrs. Marion Summers, co-chairmen; Christmas decorations and novelty gifts, Mrs. Hugh Gibson and Mrs. Joe Grojean, co-chairmen; food booth, Mrs. Tilman Stout and Mrs. Howard Covey, co-chairmen; candy booth, Mrs. John Marshall and Mrs. Harlan Lee Williamson, co-chairmen; rug booth, Mrs. H. F. Keller and Mrs. Persis Gillham, co-chairmen; tickets for the luncheon, selling in advance, Mrs. Lena Kerns and Mrs. J. O. Webster, co-chairmen.

The music committee consists of Mrs. G. O. Webster and Mrs. Hugh Green; Santa Claus studio will be under the supervision of Mrs. Milton Hooking and Mrs. Robert Hammon, co-chairmen; luncheon co-chairmen are Mrs. Oliver Buck and Mrs. Charles Williams. Mrs. Mary Murray is the chairman for publicity assisted by Mrs. Darrell Wilson and Miss Dorothy Reine.

The luncheon tickets are sold for three different servings, 11 to 12 noon; 12 noon to 1 p. m., and the last shift 1 to 2 p. m. Each ticket is printed according to the shift it will be honored in. Tickets are being sold by any of the committee and circle members of the W.S.C.S.

With much advance preparation and careful planning the bazaar this year should offer a fascinating variety of sales booths and the tastiest of luncheons.

WAVERLY CHILD MAY HAVE CASE OF POLIO

1ST PRESBYTERIAN FELLOWSHIP MAKES SKATING PLANS

The weekly meeting of the First Presbyterian church WF was held at the church Sunday evening. The meeting started with a potluck supper followed by a worship service under the direction of the moderator Kenny Dobson.

During the business session two of the five delegates to the WF retreat gave reports on the retreat held at Camp Cicla the previous weekend. Those giving reports were Mignon DuBois and Kenny Dobson. The additional three that attended the retreat were Mary Ash, Carmen Olson and Tom Winn.

The new business discussed was a skating party to Moonlight Gardens for the following Sunday.

Those present at the meeting were, Mignon DuBois, Mary Ash, Carmen Olson, Kenny Dobson, Bill Shildman, Tom Winn, Steve Wilson and Mr. and Mrs. Bill Hapke, the advisors.

88 Degrees Here On October 3rd

The Jacksonville area sweltered 88 degree temperature Sunday as heat records were established at many points in the nation. The 88 degree reading was taken at 2 p. m. at the WJLS transmitter.

This was believed to be the highest Oct. 3 on record in this community. At Springfield the temperature was 93, and in Chicago a reading of 90.8 was reported.

Rain measuring 23 inch fell Sunday night and early Monday in Jacksonville, bringing a drop in temperature. At noon Monday the temperature stood at a comfortable 73 degrees.

DEANERY TO MEET AT WESTWOOD, ILL. THIS AFTERNOON

The Jacksonville Deanery, DCCW, will meet at 2 p. m. Tuesday, Oct. 5, at the Presentation of the Blessed Virgin Catholic church at Westwood, two miles west of Jerseyville. The Rev. Father Leonard Rathgeb, formerly at the Jacksonville Church of Our Saviour, is the pastor at Westwood, the host church.

The Diocesan president, Mrs. Sib Thoele of Effingham, will address the group and Reverend Father John McGrath will be moderator. A program will be presented with a social hour at which the ladies of the Presentation of the Blessed Virgin church will be hostesses. All members of the local Altar and Rosary society and the C. D. of A. are cordially invited to attend.

SPRINGFIELD YOUTH DRAGGED BY HORSE, TAKEN TO HOSPITAL

SPRINGFIELD Ill.—Jerry Brooks, 21, of 1901 W. Monroe street, suffered multiple abrasions and lacerations to his body at 4 p. m. Sunday when dragged by a horse on a farm near Auburn and the animal bolted, dragging him about a mile. He was taken to Memorial hospital.

DOC & JEAN'S FURNISHED STYLE SHOW GARMENTS

The name of Doc & Jean's store was unintentionally omitted from the account of the style show given last week at the Jacksonville County club. Doc & Jean's provided garments worn by children in the show.

MISS LINDEMAN LEAVES AFTER VISITING SISTER

Miss Doris Lindeman, a former Jacksonville resident, has returned to her home in Los Angeles, Calif. after spending two weeks visiting at the home of her sister, Mrs. Elbert Lair, 214 East Greenwood avenue. Miss Lindeman also visited relatives at Waverly and Girard.

Except for parrots and vultures, wild geese live longer than any other birds. Their life span sometimes is 70 years.

FIREMEN Will Make Safety Inspection

The Jacksonville fire department will observe Fire Prevention Week by making the business district, schools, and public buildings as safe from fire hazards as humanly possible. A complete inspection of business houses, schools, and public buildings will be made beginning Tuesday.

Chief Howard Reynolds said off-shift firemen will do the work of inspection. He asked that property owners and occupants cooperate with the firemen, because safety is the only goal of the inspection work.

Firemen will inspect buildings inside and out, then make recommendations where fire hazards are found.

"The department has found most business men to be helpful and cooperative in getting rid of conditions which might cause fire," the chief said. "That is the purpose of Fire Prevention Week, and we hope that every citizen will give his home the same kind of careful attention. We can make the city safer by all working together, spotting fire hazards before fire spots them."

Fire Prevention Week got off to an early start when the 100 foot aerial ladder truck was taken to the David Prince Junior High school where it was demonstrated to the pupils. Chief Reynolds made a talk on fire prevention to the pupils.

Other schools will be visited during this week by firemen, who will drive home the value of vigilance in preventing fires.

CELEBRATE 53RD ANNIVERSARY OF S. J. CAMM, WIFE

Mr. and Mrs. S. J. Camm of Franklin entertained at dinner Sunday in one of the dining rooms at the Shamrock restaurant in Franklin, marking their 53rd wedding anniversary.

Attending were Mr. and Mrs. S. J. Camm and Miss Margaret Camm, Mrs. Margaret Hembrough, Miss Elizabeth Hembrough and Miss Jeanette Scott of Jacksonville; Mrs. Mae VanWinkle, Mr. and Mrs. Bernard Camm and Miss Barbara Camm of Franklin. Invited guests but unable to be present because of a previous engagement were Mr. and Mrs. O. E. Ryan of Pomona, California who were visiting Mrs. Ryan's sisters, Miss Catherine and Elizabeth Zeller in Springfield.

MAN WHO CLAIMED TOBACCO CAUSED HIS CANCER, DIES

ST. LOUIS (AP)—Ira C. Lowe, 39, who filed a \$500,000 damage suit against the R. J. Reynolds Tobacco Co. claiming smoking caused him to have lung cancer, died of cancer at his home here Saturday.

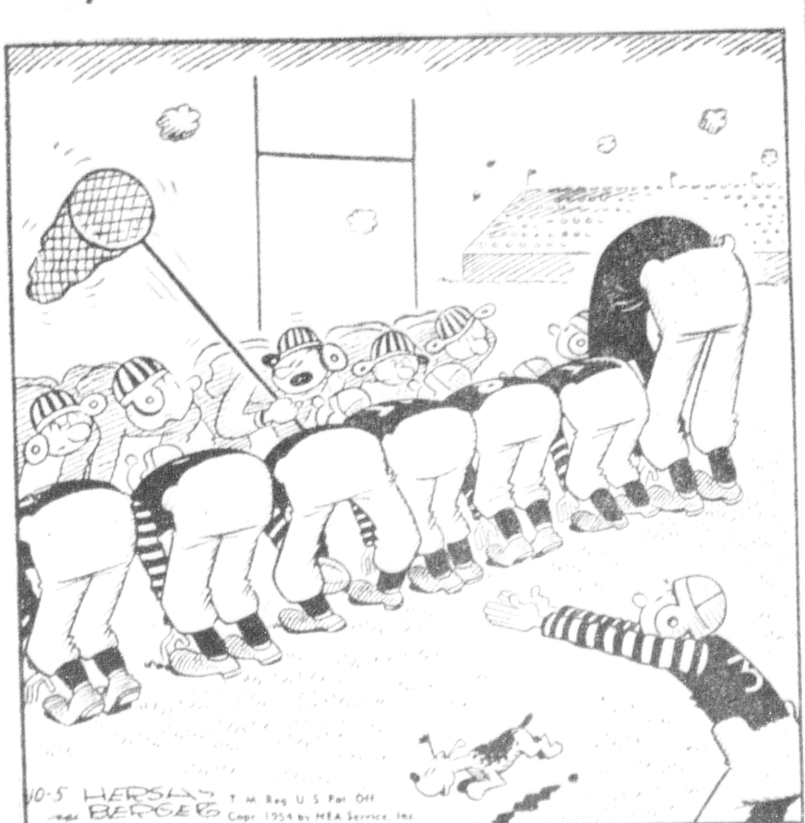

Lowe, former resident of Festus, Mo., also named the Shop Ezy Market here as a defendant in his circuit Court suit last June. He claimed he smoked the Reynolds firm's product and bought the cigarettes at the market.

WILDCAT VETS' OFFICERS

ROCK HILL, S. C. (AP)—James E. Sahall of Chicago Sunday was re-elected to his 26th year as adjutant of the Wildcat Veterans Association.

The association, composed of men who served with the 81st Wildcat Infantry Division in both World Wars, also named E. H. Thibodeau of Farmerville, Ill., area vice commander.

Arends Says GOP Should Get Story Across To People

ST. LOUIS (AP)—Rep. Leslie G. Arends (R-Ill.) says the Republican party should have made a point of telling the American people about the present administration and Congress' accomplishments.

"We have never thought in terms of getting our story across to the people," Arends said Sunday, "but now the opportunity has come."

The veteran Congressman, who termed this the GOP's greatest shortcoming, spoke at a meeting in suburban Berkeley City in support of Bill Bangert, Republican nominee for Congress from Missouri's first district.

Arends said "the chips are down" for the GOP in the fall's election, particularly in Illinois.

He said the Democratic incumbent there, Sen. Paul H. Douglas, "talks out of both sides of his mouth and makes it harmonize."

Loy L. Fox, Former Virginia Resident Dies In Chicago

VIRGINIA—Loy Lee Fox, 55, a former resident of Virginia, died suddenly at 1 o'clock Sunday morning at his home in Chicago. He had resided in Chicago for the past 34 years.

Mr. Fox was born in Virginia, Feb. 1, 1899, the son of Edward and Anna Bain Fox.

Surviving are his mother, Fredricka Funk Fox of Virginia; four children, Lee Fox of Tulsa, Okla.; Jerry Fox, Mrs. Robert Wilson and Mrs. Beverly Fox, all of Chicago; two brothers, Virgil Fox of Springfield and Earl Fox of Chicago; two sisters, Mrs. Fred Ohm, Chandler, Ill., and Mrs. Eddie Roegge of Jacksonville. There are three grandchildren.

The body will arrive at the Massie Funeral Home in Virginia Tuesday night.

Funeral services will be held at the Methodist church Thursday afternoon at 2 o'clock with the Rev. Floyd Brewer officiating.

Burial will be in Walnut Ridge cemetery.

Friends may call at the funeral home from 2 p. m. to 9 p. m. Wednesday.

Gunman Empties Register As Four 'Count To 100'

BALTIMORE (AP)—A holdup man herded four persons into the prescription room of Thomas H. Caldwell's drug store Sunday night and told them to "start counting out loud to 100."

Then the gunman picked up the day's receipts which Caldwell had been counting and headed for the cash register in the front of the store.

The counters had reached about 25 when the gunman returned seconds later and told them to "start over." They were closed to 50 when the man fled with \$189.07.

Caldwell said he called police "while the others were still counting."

Gunmen Get \$5,000; Ungag Man Who Promises Silence

CHICAGO (AP)—Two masked gunmen left one of three porters ungagged in exchange for a "sporting chance" at a getaway after looting a restaurant safe of \$5,000 early Sunday.

The robbers tied up three employees and gagged them while they worked two hours with drill and force hammers to open the safe of the Palm Grove Inn on the South Side.

Walter Owens, one of the porters, said one of the men removed his gag on condition he not call for help until he was given permission.

As the robbers reached the alley behind the restaurant, one of them shouted, "Now!"

Church Warm As Mortgage Burned

DALLAS (AP)—Things got warm when they burned the mortgage on the Eagle Ford Baptist church Sunday.

Seconds before the Rev. W. L. Harold put a match to the mortgage, the air conditioning system burned out. This left the congregation sweltering.

Announced Harold: "Satan just didn't want us to get comfortable in here."

He was answered by a loud "amen" from the audience.

FIRE DAMAGES WARREN WRIGHT HEADQUARTERS

SPRINGFIELD, Ill. — Fire, believed to have started from a burning trash box at the rear of the building, caused damage estimated at \$200 to the campaign headquarters of Warren Wright, Republican candidate for state treasurer at 317 E. Monroe St., late Sunday afternoon. The building is owned by Paul Wanless.

"You'll get over it—once I was gonna write a book exposin' parents myself!"

Lutheran Women From Area To Attend Rally

Three hundred women from Lutheran congregations in Arenzville, Beardstown, Bluffs, Chandler, Chapin, Havana, Jacksonville, Manito, Mason City, San Jose and Topeka, Ill., will attend the Fall Rally of the Central Illinois District of the Lutheran Women's Missionary League to be held Wednesday, Oct. 20, at the Christ Lutheran church in Mason City.

Rev. R. H. Lawrenz is the pastor. The special feature of the Rally will be the address by the Rev. LeRoy Hass, Lutheran missionary from Japan who will speak at the 2 p. m. session on the topic, "Witnessing for Christ in Japan." Mrs. Edwin Semelka, president of the district League, will report on the work of the district during the morning session. Registration starts at 9 a. m.

Information to be gathered by 31,000 enumerators includes figures on farm production, livestock numbers, farm resources, and on land used for productive purposes.

When tabulated, this information will show shifts in the agricultural production pattern from the census of 1949—information the government needs in carrying out various programs, from school expansion programs to tax programs to crop control operations.

The Agriculture Department depends heavily on the census for revising its periodic estimates of the production of various crops and livestock.

The results of the census will be tabulated and published in the form of news releases and reports, the first to appear early next year. The first series of reports will be for individual counties, with state reports to follow. Finally, a summary for the country as a whole will be made.

Luncheon Oct. 9 To Open Season Of Woman's Club

The executive board of the Jacksonville Woman's Club, the largest organization for women in Morgan County, held its first regular meeting of the season at 9:45 a. m. Monday at the Public Library with the president, Mrs. Earl Davis, in charge.

The first meeting of the fall season will be Saturday, Oct. 9, in the banquet room at the Dunlap hotel and will be a 12:30 luncheon for members only. Mrs. Cloyd Wilson is luncheon chairman with Mrs. Ray Miller, co-chairman. The program chairman announced that States Attorney Albert Hall will be the speaker Saturday on the subject, Juvenile Delinquency, the topic being one of the main areas of study as set forth by the new president of the general federation of woman's clubs, Mrs. Theodore Chapman of Jerseyville.

The music Saturday, to be introduced by Miss Charlotte Sieber, music chairman, will be provided by Mrs. Edward J. Flynn.

Announcement was made of the County Federation meeting on Wednesday, Oct. 27, to be held at the Youth Center on West State street. The following new members were accepted into the club: Mrs. J. A. Tucker, Miss Irene Crawford, Mrs. S. B. Robinson, Mrs. Verne Smith, the latter of Chapin.

A report was made by the budget committee and accepted. Announcement was made that Open House will be held soon at the State Hospital, the details of which will be announced later.

Any member not contacted by phone concerning reservations for the luncheon may call Mrs. Wilson at 1833-Z at least by Thursday, Oct. 7, the deadline for reservations.

HEADS STUDENT NURSES

CHICAGO (AP)—The Student Nurse Assn. of Illinois Saturday named Mary Ryan of Tonies, Ill., student nurse at Evanston hospital, president.

Some 220 student nurses closed session of a 1-day convention also elected Donna Seelye, Sterling, first vice president; Robert Warner, Ludington, Mich., second vice president; Joan McDonald, Cleveland, Ohio, secretary; and Mary, Danville, Va., treasurer.

22,251 Students Attend U. of I.

CHAMPAIGN, Ill. (AP)—There are now 22,251 students attending the University of Illinois on its three campuses, five per cent more than in 1953-1954.

The university reported Saturday the enrollment at Urbana Champaign is 16,897, a seven per cent increase. Enrollment in the Chicago professional colleges is 1,549, an increase of 7,705, a 12 per cent increase.

ATOMIC ENERGY GOES TO SCHOOL

High school teachers taking part in the program relax between classes at Union college.

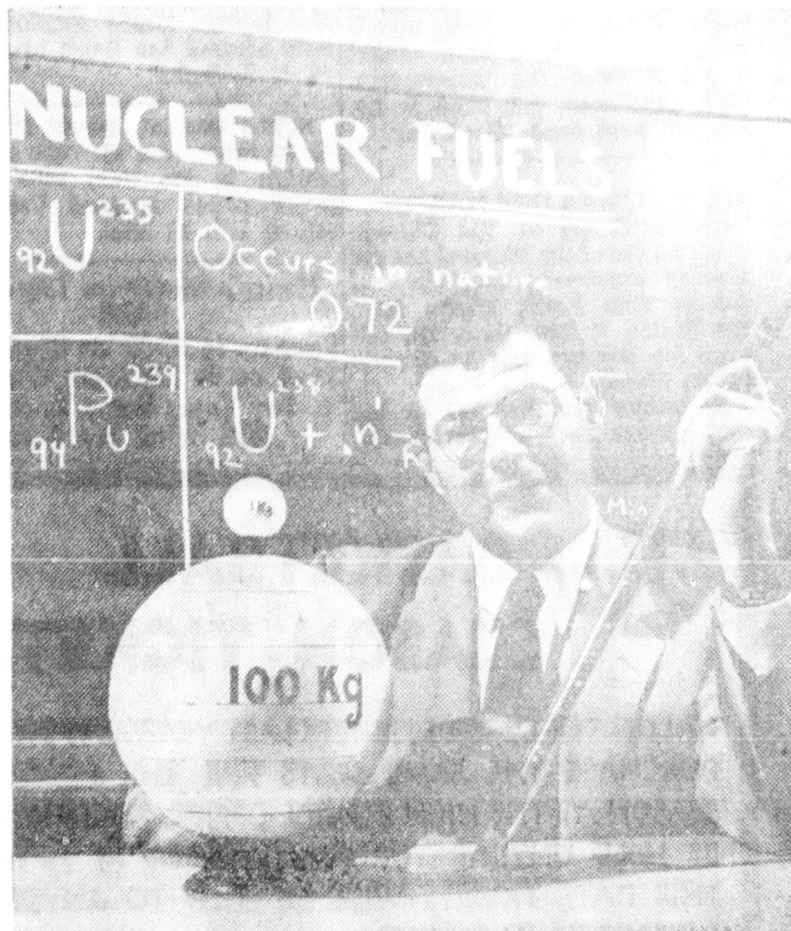

They are inspecting mass spectrometer, or gas analyzer.

Dr. R. S. Rockland (right) is examining a radiation detector.

A GROUP of 50 high school science instructors are teaching their students a new store of knowledge about one of today's most vital subjects — atomic energy. They're fresh from a series of lectures by scientists at the Knolls Atomic Power lab operated in Schenectady, N. Y., by General Electric. Six atomic scientists annually give teachers information that would require hundreds of hours of thumbing through books and reports. One of the lectures covers amounts of energy available from nuclear reactors and another one discusses fundamental problems of nuclear physics. Teachers benefiting from these lectures are part of a group of 200 teachers from 24 states. They are enrolled in the G-E high school fellowship program. The company operates such programs at Case Institute of Technology in Cleveland, Purdue university, Union college and the Rensselaer Polytechnic Institute at Troy, N. Y.

Buddy Young Up To Old Tricks, Scores Twice As Colts Win

By LOU PANOS
BALTIMORE (P)—Claude (Buddy) Young, the little gentleman of the gridiron, is down to his old weight and up to his old tricks of flabbergasting enemy tacklers in the National Football League.

"He's the most exciting thing in football," said Coach Jim Lee Howell after his New York Giants were beaten last Saturday night by the Baltimore Colts.

Howell was talking about Young, the dashing Colt halfback who at 5 feet 4 and 170 pounds is the smallest player in the league.

SPORTS TRAIL

By WHITNEY MARTIN

NEW YORK (P)—The Old Professor was in high spirits, at least 90 proof, as he faced his Monday morning class of football coaches. He held a football over his head in his right hand.

Old Professor — Good morning, gentlemen. What do I have here? Class — A highball.

Old Professor — No, no, I didn't mean in my left hand. That just shows how your attention is distracted. It's all in the mind.

Earl Blaik, Army — Speaking of the mind, professor, the game we won from Michigan was in the mind. We played inspired football and we played exceedingly well. We were much better than last week. Yes, it's all in the mind.

Benny Oosterbaan, Michigan — Army played better, sharper and more determine football than we did. You can't say much more. We lost."

Old Professor — A team victory for Army, I take it.

Bobby Dodd, Georgia Tech — That's what we had, professor, a team victory. It looks like we always get the breaks against Southern Methodist. We won the game on a great effort by halfback George Volkert when he scored our touchdown.

Chalmers Woodard, SMU—Georgia Tech played a fine game. We made mistakes, but had a couple of bad breaks late in the game.

Don Faurot, Missouri—We had some breaks, too, against Kansas State, but they were nice breaks and we took advantage of them. We had to out-sprint them and we did. Vic Eaton did a fine job of running the game.

Bill Meek, Kansas State—We got no breaks, gave away three touchdowns and had a late start. We're forgetting that one, and going after Nebraska this week.

Bob Voigts, Northwestern—With us, it's hang on there. Our big problem now is learning how to hang onto the ball. We were a greatly improved team against USC, though. I was particularly pleased with our defense, which right now is far ahead of the offense. Fumbles will stymie any offense, however. Give the Trojans credit, they capitalized on our mistakes and won the game.

Jess Hill, Southern California—Northwestern has a very fine defensive team. It's big and tough, and we just couldn't move it out. Our blocking wasn't as sharp as it should have been, but that may be due to Northwestern's defensive play.

Old Professor — The wildcats went around the block, huh? That's a joke, gentlemen.

Jess Neely, Rice — Speaking of blocks, professor, the boys did a very good job of blocking for Dicky Moege, who ran very well. The whole first line moved quite a bit faster than in the Florida game.

George (Lefty) James, Cornell—We were outmanned and outplayed by Rice if Moege plays every game like he did against us he'll be the best broad field runner I've ever seen.

Old Professor—I ran through a broken field pretty well myself once. Wouldn't have been caught if I'd dropped the watermelon. Well, gentlemen, our time is up. See you next week. Good day.

BLACK HAWKS GET MARTIN

CHICAGO (P)—The Chicago Black Hawks of the National League Monday announced acquisition of defense man Frank Martin from the Boston Bruins in a straight swap for Forward Murray Costello of the Hawks.

No money was involved in the deal, a Black Hawk spokesman said.

Braves Hurler Signs To Play Pro Basketball

BOSTON (P)—Gene Conley, the big Milwaukee Braves pitcher, Monday signed a contract for an undisclosed amount of money to play with the Boston Celtics of the National Basketball Assn.

Conley played with the Celtics two years ago appearing in 39 games where he built a reputation as an outstanding rebounder.

Conley, 6 feet 8, had the fourth best earned run average among National League pitchers this season 2.94 while posting a 14-9 record.

Don't Intend To Stand Pat: Hank Greenberg

CLEVELAND (P)—General Manager Hank Greenberg of the Cleveland Indians discussed the club's shocking World Series loss with his manager Monday and served notice to the public that "we don't intend to stand pat."

"We have some trades in mind," said Greenberg. "I don't know if we can make them, but we'll try."

"We had a good club this year, although the World Series took the edge off our season. Next year we hope to field an even stronger club."

Greenberg declined to say what moves he had in mind, but Manager Al Lopez later told newsmen no immediate changes were planned. Lopez plans to fly to his home in Tampa Tuesday, but he said he would keep in close contact with Greenberg.

He indicated he has no present plans for breaking up his big three pitching staff of Bob Lemon, Early Wynn and Mike Garcia. But he would not say what other players definitely won't be placed on the trading block.

The soft-spoken manager said "the Giants have a real good club and played championship ball. They were real hot and we were real cold. But we have a lot better ball club than we showed."

Expect Field Of 10 In \$50,000 Futurity Stakes

NEW YORK (P)—The \$50,000-added futurity stakes, Belmont Park's main contribution toward straightening out the 2-year-old championship of 1954, is expected to attract a field of about 10 juveniles Saturday.

This is the first of several major fall stakes which will pinpoint the horses to watch in the 1955 Kentucky Derby and other 3-year-old classics.

The Belair Stud's Nashua and Mrs. Russell A. Firestone's Summer Tan head the parade for the futurity, a 6½-furlong dash down the widener straight course. The 65th running of the famous race will be televised coast-to-coast (CBS), 3 p. m. CST.

With 10 starters, the pot would total \$115,115, and the colt winning would collect a tidy \$90,415.

Nashua, the fleet bay son of Nasrullah, has defeated Summer Tan twice, but in their last meeting Mrs. Firestone's classy colt turned the tables. That was Sept. 21 when Summer Tan shocked the faithful at Aqueduct by defeating Nashua a length and a half in the \$30,025 Cowdin Stakes.

In any event, a speed duel is in prospect Saturday, with Eddie Arcaro booting William Woodward Jr., Nashua and Eric Guerin piloting Summer Tan. Summer Tan clipped three-fifths of a second off Hill Prince's track record when he whizzed 6½-furlongs in 1:16 flat in the Cowdin. Last Friday Nashua equalled the widener course record of 1:08 1-5 for 6 furlongs in capturing the Anticipation Purse.

Lawsuit Ties Up Sale Of Track

CHICAGO (P)—A planned lawsuit has tied up negotiations for the sale of controlling interest in Lincoln Fields race track near Chicago for \$2,278,919 (M). It was disclosed Monday in Superior Court.

The track reportedly is offered for sale to a group headed by former Illinois governor, John Stelle.

The lawsuit is planned by Peter O'Neill, beneficiary of a trust which includes 48,000 shares of race track stock, against attorney Charles Aaron and Frances Polley, executors of the trust.

O'Neill will ask an accounting of the trust, removal of the trustees and a court-supervised sale of the stock held in trust.

O'Neill's attorney, Thomas Dodd Healey, Monday filed a motion for a temporary injunction to prevent Miss Polley and Aaron from selling the stock privately.

Vic Seixas Clinches Cup Title For U.S.

By LARRY STUNTZ
MEXICO CITY (P)—Vic Seixas and Tony Trabert, America's ace, got off to shaky starts in the closing singles matches Monday, but came back to wrap up the American Zone Davis Cup tennis title for the United States, 4-1 over Mexico.

Seixas, the tall, dark-haired American champion from Philadelphia, clinched the title by defeating young Mario Llamas in the day's first match. Still off his top form, a condition that made him an upset victim to Gustavo Palafox in Saturday's opening singles, Seixas had to scramble to win in four sets, 6-4, 2-6, 6-3, 6-2.

That triumph gave the United States a 3-1 lead in the best-of-five series and made a formality of the final match which saw Trabert sweep Palafox in straight sets, but not without difficulty. Trabert, from Cincinnati, was extended to 26 games in the first set before finally overpowering the 28-year-old top Mexican ace. The scores were 14-12, 6-1, 6-2.

The Americans' victory sent them into the inter-zone finals against Sweden, the champion of the European Zone. These two teams will clash at Brisbane, Australia, Dec. 17-19, with the winner to meet Australia in the challenge round at Sydney Dec. 29-31.

Seixas, beaten in straight sets by Palafox on the opening day, showed little of his old sharpness against Llamas, but court savvy brought him through a match played under almost impossible weather conditions.

Seixas, playing cautiously and not going to the net on the slippery clay court, won the opening set by cracking Llamas' service in the seventh game.

He fell off his pace in the second set, however, when Llamas, losing his nervousness, took over the attack. Seixas lost his service in the first game, but restored the balance by winning Llamas' delivery in the fourth. Then Llamas ripped off the next four games to give the U. S. outlook a dark hue.

Seixas made a nice comeback in the third set, using back-court tactics to draw Llamas out of position and then pass him at the net. Seixas dominated the set and won by cracking Llamas in the fifth game.

The final set began weirdly, with five straight service breaks. But Seixas held his delivery in the sixth broke Llamas in the seventh and then won the eighth for the match. Trabert defeated Llamas in straight sets Saturday and Sunday. Seixas and Trabert downed the Mexican pair in doubles.

Willie Mays Will Play Winter Ball

NEW YORK (P)—Willie Mays, centerpiece sensation of the world champion New York Giants, has received permission from club officials to play with the Santurce Club in the Puerto Rican league this winter.

The team will be managed by Herman Franks, third base coach for the Giants, and also will include pitcher Ruben Gomez, who won the third game of the World Series from the Cleveland Indians.

ALLOCATE FUNDS FOR AIRPORT IMPROVEMENTS

WASHINGTON (P)—Secretary of Commerce Weeks Monday announced the allocation of \$20,425,843 to 164 communities for airport improvements.

The money, which can only be used if matched by funds from local governments, is for the fiscal year ending next June 30.

O'Hare Field - International at Chicago got the biggest allocation, \$1,665,000, for the acquisition of land and construction of a new northwest-southeast runway of 7,800 feet. This was nearly three times as large as any other single allocation.

Oklahoma Takes Over First In AP Grid Poll

By WILL GRIMSLEY

NEW YORK (P)—Oklahoma profited by idleness over the weekend, missing a plague of upsets, and recaptured first place Monday in the Associated Press college football poll. Beaten Notre Dame tumbled from first to eighth.

Purdue, 27-14 conqueror of the Fighting Irish in one of the season's biggest surprises, rose from 19th to fifth place. Ohio State at tenth became the only other newcomer to the top ten on the strength of its 21-13 triumph over California.

Dropping out were Maryland, last year's national champion, which fell from sixth to 13th after bowing to UCLA 12-7, and Penn State, which dropped two notches from 10th for no apparent reason. Penn State beat Syracuse 13-0 for its second victory.

Oklahoma's Sooners captured 77 of the 173 first place votes cast by sports writers and broadcasters across the nation and amassed a total of 1,369 points. Points are awarded on the basis of 10 for a first place vote, 9 for second, etc.

Following Oklahoma in the first bracket were: UCLA, No. 2; Wisconsin, No. 3; Iowa, No. 4; Purdue, No. 5; Duke, No. 6; Mississippi, No. 7; Notre Dame, No. 8; Southern California, No. 9; Ohio State, No. 10.

Oklahoma won the No. 1 place in the opening Associated Press poll after beating California 27-13, 16th place.

30 Nominations At Cahokia Downs For Sat. Running

Thirty nominations representing twenty-five interests have been received thus far for the St. Louis Derby, a \$10,000 added event to be run at Cahokia Downs on Saturday night, October 9.

Racing secretary Jack Klucina pointed out that there is a good possibility that more nominations might be forthcoming since the deadline was not until Saturday night. Therefore late nominations might not be received until Monday or possibly Tuesday.

Nominations received thus far have come from New York, Atlantic City, Chicago, Detroit, Lexington, Ky., Miami and other points including four locally.

Strong representation is expected from the Chicago area from thoroughbreds who campaigned at Washington and Arlington Park and currently at Hawthorne.

Many of racing's top three year-olds have been nominated for the classic which returns to the local sports scene after an absence of nearly fifty years, and a strong field is expected to line up for the event which will be run as the sixth race on next Saturday's program.

Alfred G. Vanderbilt's Performance, a gray colt by Amphitheatre and a half brother to the great Native Dancer is among the well known's nominated.

Hasseyampa, the Walmac Farm's outstanding three year-old is another of the nation's better known thoroughbreds who may be on hand along with Black Metal, son of the great Lord Boswell, who is also a Chance Farm.

4 Golfers Named To Play Series In Australia

CHICAGO (P)—Ed Furgol, Marty Furgol, Dutch Harrison and Tommy Bolt were named Monday as United States team members for a month long series of matches in Australia.

The matches, sponsored by the PGA and a petroleum company, will open Oct. 13.

Ed Furgol automatically made the team as National Open champion and the others were named off their Ryder Cup standings.

The Ryder Cup leaders include—in order—Bob Toski, Bolt, Cary Middlecott, Marty Furgol, Jerry Barber, Lloyd Mangrum, Dutch Harrison, Ted Kroll, Ed Furgol and Jack Burke.

The PGA said that Toski, Middlecott, Barber and Mangrum declined to make the trip and the others moved up to fill their places to complete the team.

Final money-winning totals for the season show that Toski won more than twice as much as his nearest rival. He totalled \$65,891, mainly because of his \$50,000 victory in the Tam O'Shanter "world championship" two months ago.

Burkes was second with \$20,213, only \$304 ahead of Marty Furgol who jumped from 14th place to third with a \$7,500 victory in the recent Celebrities tourney.

COMPETE IN CLASSIC

MODENA, Italy (P)—The Italian Ferrari Car Co will compete in next year's 500-mile classic at Indianapolis if current tests of a new engine give the results expected, a spokesman for the company said Monday.

Boxer Archie Moore fought for 16 years before he won the lightweight-heavyweight championship in his 128th fight.

• FAN • BREEZES BY BILL MERRIS

Something new has been added in the way of football entertainment at Meredosia Thursday night. The Indians will play host to Franklin in a game that promises to be full of unusual events and maybe a few surprises for the fans. At least it will be something new to local football lovers.

The Franklin-Meredosa game will be a combination of the 8 and 11 man games. Dosh coach Dave Cooper informs us when the Indians have the ball it will be the eight man game and when Franklin takes over they will switch to eleven men. We were confused at this point but a little further explanation cleared everything up.

Since the Meredosia team is a member of the eight man PMBC Conference its offense is built around the eight man game. Therefore Coach Cooper won't have to do any shifting in his offensive plans. Each time the Indians take over both teams place eight men on the field and it becomes an eight player game.

Franklin, last year, a member of the eight man league only to shift this year, plays strictly 11-man ball. In order not to cause coach Bill Farley too much trouble the two coaches agreed to play with 11 men when the Flashes have the pigskin. The only problem will be on defense. Franklin will have to practice with the eight man defense and Dosh will get a chance to see how they operate with a 11-man defense.

Franklin was engaged in a game similar to this three or four years ago at Waverly. Franklin being an eight man team and Waverly played the 11-man variety. However in this game both teams started and played the first quarter with 8 men. The second quarter they changed to 11 and the third quarter back to eight, etc.

Thursday night's battle will involve a complete changeover every time the ball changes hands. One thing we don't quite understand is what's going to happen when a pass is intercepted. They surely won't stop and make the changes. Will they?

Freemort Loses 45 Yards Rushing As Elgin Wins 34-0

SPRINGFIELD, Ill. (P)—Reviewing some features of weekend downstate Illinois prep football activity:

An aggressive Elgin forward wall pushed back opposing ball carriers with such regularity that Freemort wound up with a net loss of 45 yards on rushing plays. Freemort lost yardage on 10 of the 12 running plays attempted in the first half. Elgin won the game 34-0.

Ten Lincoln fumbles proved an insuperable handicap and Peoria Manual, capturing five of the bobbles, turned two into fourth period touchdowns for a 13-0 win.

George Hoffman, sidelined by a brain concussion during the Crete-Monroe versus St. Patrick game a year ago, was the key to Crete's 12-0 triumph in a return match. The Crete quarterback completed 6 of 11 passing attempts and ran the ball across for the game's only two touchdowns.

Fred Gillespie, 190 - senior full-back, gained 294 yards in 32 carries and made about half the tackles as linebacker in Metroplett's 20-13 win at Shawnee. Gillespie made two touchdowns on excursions of 76 and 23 yards.

Getting into the scoring column a second week in a row, tackle Carl Radebaugh swiped the ball from the hand of Flanagan's passer and lumbered 45 yards for an El Paso touchdown. The Comets capped a 26-8 decision after another of their linemen, guard Al Harroun, bagged a touchdown by racing 26 yards with a blocked kick.

A 21-point rally led by quarterback Lew Flinn with two touchdowns and three conversions enabled Princeton to overtake Rochelle for a 21-20 verdict. Flinn's tutor in placekicking is Coach Don Maechtie, who once was the University of Illinois conversion expert.

Playing with only four substitutions, a small but scrappy Albion team broke an 11-game defeat string by toppling Mount Vernon 12-7. Eugene Sams, 146-pound Albion quarterback and sparkplug, cruised six yards for the winning touchdown with less than a minute to go.

A game played in a dreaching rainstorm was decided for Woodstock when Bill Johnson, back to punt for Lake Forest, booted the slippery ball from behind the goal only to his five-yard stride. Woodstock quickly counted a fourth quarter touchdown for a 7-0 win.

Halfback Les Frith raised his individual pointmaking total for three games to 61 with three touchdowns and an extra point in leading Dwight to a 19-3 victory over Morris.

Arizona wild game rangers are versatile fellows. Along with violations of game and fish laws, the rangers also brought in to their Phoenix office three thieves of stolen cars—and one man charged with stealing a cow.

13 Persons Charged With Hunting Doves Over Baited Ground

SPRINGFIELD, Ill. (P)—Federal charges of hunting doves over baited ground were filed Monday against 13 persons, including a prominent figure in state conservation circles.

The well known outdoorsman is L. H. Barkhausen of Chicago, who in the 1930's headed Ducks Unlimited, a conservation group.

Barkhausen and four others were accused in one of three informations filed by U. S. Atty. John Stoddart with hunting doves with the aid of wheat and salt in violation of federal game regulations. The regulations are designed for the protection of migratory birds.

Stoddart said the charges were based on reports from federal game wardens. He said that in this type case there is no necessity for the government to prove the defendants even knew the ground was baited. He said the five men had a total of two doves in their possession.

Named in the same information with Barkhausen were L. C. Merwin of Bloomington, identified by Barkhausen as publisher of the Bloomington Pantagraph; William C. Barkhausen, Arlington Heights; John E. Curtis, Lake Forest, and John V. Farwell, Chicago.

The group was hunting on Sept. 1 on a Mason County Farm owned by Henry Kraemer, Stoddart said. In Chicago, L. H. Barkhausen said, "I and my party were pinched on a technicality. We knew nothing about baiting the birds."

"I had rented the shooting site from a farmer, but neither I nor

Saxton Will Go To Jail After Gavilan Fight

NEW YORK (P)—No matter whether Johnny Saxton wins or loses his title fight with welterweight champion Kid Gavilan in Philadelphia, Oct. 20, he will have to go to jail the next day as a traffic scofflaw.

Chief Magistrate John M. Murtash made the decision Monday after the 24-year-old Brooklyn man had pleaded guilty to all charges in traffic court. Saxton had ignored a dozen tickets and a bench warrant had been issued for his arrest.

Murtash imposed a 15-day jail term and fined Saxton \$600, with the alternative of 60 more days in jail. He paid the fines.

John J. Duff, Saxton's lawyer, appealed for, and was granted, a stay of execution of the jail term so Saxton could go through with the fight. If Saxton had been sent directly to jail he would have missed the bout, which had been twice postponed before.

The traffic tickets dating back to last December, involved one for speeding in his blue convertible Cadillac, three for overtime parking, six for parking in restricted area, and two for parking near hydrants.

Stenographer Sets World Mark

LEXINGTON, Ky. (P)—Stenographer Monday became the fastest 3-year-old trotting filly of all time as she registered a time trial mile of 1:59 1-5 at the Lexington Trots and set her 11th world record.

The previous record of 1:59 1-4 was established by the Marchioness in 1932.

Del Miller drove the filly from the stable of Max Hempf at Camp Hill, Pa.

Only Greyhound, the world's champion trotter with 14, has more world marks. Stenographer's records have been made in two seasons on both mile and half mile tracks and include two heat standards as well as those for a single dash.

Cavarretta Signs With White Sox

CHICAGO (P)—Phil Cavarretta, Monday became the first member of the Chicago White Sox to sign his 1955 contract.

The Sox picked up the 38-year-old first basemen-outfielder last May as a free agent after he had been released as manager of the Chicago Cubs.

During the season, Phil hit .316 in 158 turns and drove in 24 runs. Among his 50 hits, most of them in a pinch-batter role, he delivered six doubles and three homers.

Cavarretta needs only 23 more hits to reach 2,000 for his career.

Football Briefs

EVANSTON, Ill. (P)—Northwestern came out of its 12-7 loss to Southern California without an injury, coach Bob Voigts reported Monday as he started drills for the Minnesota game.

"I thought we had a better club than USC on the field Saturday but what killed us were fumbles," said Voigts.

Northwestern fumbled 10 times and lost the ball six. Sophomore end Jack Stillwell, nursing a sprained elbow for a week, is expected to be ready for the Gophers Saturday.

SOUTH BEND, Ind. (P)—Coach Terry Brennan put the Notre Dame regulars through a full drill Monday on fundamentals of blocking and tackling after their 27-14 loss to Purdue.

Trainer Gene Paszkief said center Dick Szymanski has bruised ribs and halfbacks Jimmy Morse and Dick Fitzgerald each has leg injuries.

CHAMPAIGN, Ill. (P)—Coach Ray Elliot is hoping the return to action of sophomore halfback Abe Woodson will help in the task of building Illinois' morale this week.

The Illini, defeated by Penn State and Stanford, were ushered through a long drill on tackling and blocking Monday as preparations opened for Ohio State.

Woodson missed the Stanford game with a bad ankle.

LAFAYETTE, Ind. (P)—The battered veterans of Purdue's victory over Notre Dame on Saturday rested up from contact work Monday but a training room check showed only one man sidelined.

Bob Springer, a pass-catching junior left end, suffered a badly sprained ankle and is not expected to play against undefeated Duke here this weekend.

BLOOMINGTON, Ind. (P)—Coach Bernie Crimmins bore down on Indiana's mistakes against College of the Pacific last Saturday in Monday's practice session, emphasizing need for better protection to the passer.

Crimmins added that the running offense wasn't as good as in the opener against Ohio State. The Hoosiers take on Michigan State Saturday.

MADISON, Wis. (P)—Wisconsin's Badgers, happy over their 6-0 victory over Michigan State last Saturday, took things easy Monday.

The Badgers held a light drill to loosen up, running without pads, then watched movies of their game with Michigan State last Saturday. The Badgers also listened to scout reports on Rice, Wisconsin's opponent in an inter-sectional nationally televised game Oct. 9.

MILWAUKEE (P)—There was little rest Monday for Marquette University's football team as Head Coach Prossy Ferzacca sent his warriors through a long contact session in preparation for Saturday's game here with the University of Cincinnati.

Most of the drill centered around defensive work against the Bearcat's "T" attack. Ferzacca alternated several sophs in the lineup and held hopes of pepping up the Warrior squad.

The Warriors have lost both games this season, to Wisconsin 52-14 and last Saturday night to underdog Miami of Ohio 27-26.

IOWA CITY, Iowa (P)—The Iowa Hawkeyes had their roughest practice session Monday since the football season began as Coach Forest Brashevski sought to hone the rough spots on the offense.

The first and second squads went against

New York Bond Market

NEW YORK (AP)—German dollar bonds were strong in an otherwise active but irregular bond market Monday.

Signing of a nine-power agreement in London which would permit West German rearmament and lead to full sovereignty for the former enemy nation touched off brisk demand for Reich obligations. Germany 7s rose 2 1/2 at 103 1/2 and Bavaria 6 1/2s were up four points at 138. But gains extended to six points.

Italian liens were also firm. Some defaulted Polish and Czechoslovak bonds developed support. Other foreigns tended to ease.

"Big board" volume jumped to \$3,624,000 par value from \$3,031,000 Friday and \$3,582,000 a week ago. But the corporate list was a jumble of minor gains and losses. Medium grade railroads and selected utilities gained ground. But most investment quality industrial and railroad backed and filled.

U. S. government bonds were steady. The 30-year 3 1/4s climbed 4-32 at 110 20-32 bid on pension fund purchases. But treasury issues were generally unchanged.

CHICAGO LIVESTOCK MARKET REPORT

CHICAGO (AP)—Largest cattle receipts of the year, totaling 25,000 salable head, forced prices of most classes in the cattle pens lower Monday. Hogs scored moderate advances while lambs declined.

In a slow trade steers sold 25 to 75 cents. A few loads of prime sold at \$28.50 to \$29.00, the top. Good to low choice kinds were taken at \$20.00 to \$23.50. Good to high choice heifers brought \$19.50 to \$24.00. Cows were weak to 50 cents lower at \$6.00 to \$13.00 while vealers held steady at \$9.00 to \$23.00, the latter for a few choice and prime types.

Choice 190 to 270-pound butchers moved at \$19.00 to \$19.35 while 160 to 180 pounders went at \$18.00 to \$19.00. Sows sold within a \$15.75 to \$18.35 range. Salable hog receipts totaled 10,000.

Lambs were steady to 25 cents lower but yearlings held steady to fully 25 cents higher. Prime woolled lambs moved at \$20.00 to \$21.00 and good and choice at \$17.50 to \$19.50. Fall shorn yearlings, mostly prime, brought \$17.50. Salable receipts totaled 2,000.

ALL GRAINS SWING HIGHER IN TRADING

By WILLIAM FERRIS
CHICAGO (AP)—All grains advanced in quite active dealings on the Board of Trade Monday with buying interest alternating between the various cereals.

Soybeans got off to the best start, aided by light receipts of cash beans and additional harvest delaying moisture in northern and central Illinois. Midway in the session, oats pushed ahead in sympathy with gains at Winnipeg. Wheat was drawing most attention at the finish.

Wheat closed 1 1/4, 2 1/2 higher, corn 1 1/4-1 1/2 higher, oats 1/2 to 1 cent higher, rye 2 to 2 1/2 higher, soybeans 2 1/4-3 1/2 higher and lard 5 to 20 cents a hundred pounds lower.

Only 56 cars of cash soybeans arrived, many fewer than grain men had expected. Hedging pressure was negligible. A typical comment on the soybean situation came from the Farmers Grain Dealers Assn. of Des Moines, which said:

"It is expected that every bushel of beans for which there is farm storage will go into store, and that producers will use more commercial storage space this year than in any previous year. Despite the fact that our crop is the largest on record, we don't expect any burdensome movement of beans."

More very bad weather in Canada, which undoubtedly caused further deterioration to crops, was behind the upturn in oats and rye and probably was a factor in wheat.

New York Stock Market

NEW YORK (AP)—The stock market advanced Monday under the stimulation of strength in steel and aircrafts and exceptionally strong individual issues.

Some gains went to around 4 points and there were many in the 1 to 3 point class. Losses were small.

Not all sections of the market participated in the rise. Railroads, for example, ended lower on balance despite a few good gainers. Utilities did very little.

Up with the steel and aircrafts were the chemicals, coppers, electrical equipments, and the oils. Goodyear was an individual sensation. It took off on a solo flight following the announcement that all Chrysler lines would use the Goodyear tubeless tires as standard equipment.

The stock zoomed up 5 points at its best and closed up 3 1/2 at 85.

Here are some other strong stocks with their net gain: Bendix Aviation up 3 1/2 at 94 1/2, Du Pont up 3 1/2 at 147 1/2, Monsanto Chemical up 2 1/2 at 92, Standard Oil of California up 2 1/2 at 78 1/2, and Shell Oil up 2 1/2 at 59.

Industrials provided the big push for the Associated Press average of 60 stocks which gained 50 cents at \$136.70.

The American Stock Exchange was mostly higher on 710,000 shares. That compares with 600,000 shares Friday.

CHICAGO CASH GRAIN

CHICAGO (AP)—Wheat: No 2 mixed 2.12; Rye: No 1 plump 1.60; Corn: No 1 1.54 1/2-55 1/2; No 3 1.54 1/2; No 4 1.42 1/2-43 1/2; Old corn: No 1 yellow 1.58-59 1/2; No 2 1.58 1/2; No 1 white 1.58 1/2; Oats: No 1 heavy white 82 1/2; No 1 white 80 1/2-82; Soybeans: none.

Barley nominal; malting choice 1.40-50; malting good 1.31-39; feed 1.00-20.

East St. Louis Livestock

Assembly Reconvenes Thursday

(Continued from page one)

studying the texts released Sunday in London.

In Denver, President Eisenhower issued a statement expressing gratification over the sessions in London. He said it appeared the agreements when ratified would "preserve most of the values" of the original European Defense Community proposal and that Secretary of State Dulles, "in cooperation with the other foreign ministers, has accomplished what may be one of the greatest diplomatic achievements of our time."

Dulles himself, in a statement on his return to Washington, said the conference "produced solid results." He predicted that "Western European unity will be developed within the framework of the Brussels Treaty."

In Rome, Italian Premier Mario Scelba said the speed with which the Western allies achieved the London agreements "proves that the lessons of World War II were not in vain."

In Brussels, Belgian Foreign Minister Paul-Henri Spaak, one of the principal architects of the London agreements, told newsmen the conference achieved a major success by attaching West Germany to the Western world.

In Auckland, New Zealand, Prime Minister Sidney Holland said signing the agreements was "one of the biggest steps forward in recent years toward securing peace in Europe."

In Ottawa, Canadian Prime Minister Louis St. Laurent said he was sure results achieved in London would satisfy all those interested in the peace and stability of the Western world.

In Berlin, Fritz Beyling, press chief for the Communist-controlled East German government, said the London agreements had increased "political tension and 'alarmed the whole German people'."

Injured Pittsfield Driver Says Car Forced From Road

PITTSFIELD — Two Pittsfield young men, Tom McCarter, 21 year old amputee from the Korean conflict, and Charles Huntley, were injured early Monday when their car went out of control on Route 36 west of Winchester near the junction of Routes 100 and 36.

McCarter said his Pontiac was forced from the highway by a car traveling the opposite direction. He was taken to Illinois hospital in Pittsfield where it was found his injuries were confined to one side and hip. There were no fractures. He remained a patient at the hospital.

Huntley, a passenger, suffered only a bump on his head and did not remain at the hospital.

Scott county authorities assisted at the scene of the accident. McCarter is the son of Mrs. Ellen McCarter of Pittsfield.

Child Sustains Bump On Head In Car Mishap

Four year old Robert Moulton of White Hall was the only casualty of an automobile collision at 6:40 o'clock Sunday evening at the intersection of West Lafayette and Diamond street, and his only injury was reported to be a bump on the head.

The child was riding in a car driven by his father, Fred Moulton, which was traveling east. The other automobile, driven by Marion Zachary of Alexander, was making a left turn into Diamond street, according to a report made to the police department.

Both cars left the scene under their own power. Patrolmen Donald Jarvis and Robert Brune responded to the call to the place of the accident.

Catherine Mason, William Carwell United Saturday

Miss Catherine M. Mason of Jacksonville and William E. Carwell of Murrayville were united in marriage Saturday afternoon, October 2 at the home of Rev. William J. Boston, 903 North Church street.

Mr. and Mrs. O. L. Gossett attended the couple.

The bride wore a navy blue suit and a corsage of white carnations. Mrs. Gossett wore a navy blue dress with red carnations.

The bride is employed at the Elm City cafe and the bridegroom at the H. and R. Grill. After a honeymoon in Indiana the couple will make their home at 862 Hardin avenue.

YOU ARE INVITED—Be sure and attend the Rally Meeting tonight at the Jacksonville High School Auditorium and see and hear Senator Paul H. Douglas discuss legislation pertaining to farmland labor and small business, 8:00 P.M.

Potter Farms Sell Purebred Durocs At Fall Auction

Eighty-nine head of purebred Duroc hogs were sold Saturday evening at the annual fall auction of Potter Farms, rural route 1, Jacksonville.

Out-of-state buyers were from Indiana, Missouri, Mississippi, Wisconsin, Louisiana, Nebraska and Iowa.

The top boar was purchased by Clarence Welch of Mooresville, Ind. for \$550 and the best gilt was bought by S. D. G. Hutton of Toluca, Miss. for \$200.

The 31 boars averaged \$131 and the 58 gilts averaged \$77.95 each.

W. R. Dean of Griggsville bought 19 head of sills and Charles Finch of Jacksonville bought 12 sills.

Other purchasers from this area included Darrell Smith of Alexander, Lawrence Daeuer of Waverly, Isaac Smithers of Milton, Louis Houghmeyer and William L. Taylor of Arenzville, Leland Werries, Paul Nerzenah and George D. Anderson of Chapin, W. V. Stephenson & Son and Charles Geiger of Pittsfield, Harvey Berghaus of Bluffs, Ralph Riggs of Murrayville, Alvin Coats of Winchester, George L. Hoffman, C. W. Mills, Bert Shockey, Tom Muratov and Curtis Moore of Jacksonville.

Carman Pottery of Jacksonville and Floyd McCaskill of Time were the auctioneers.

Meet Wednesday To Plan Grotto Fall Ceremonial

Zingabado Grotto will meet at the Masonic Temple on Wednesday night, October 6, at 7:30 p.m. for its monthly meeting. Monarch Robert DuBois has urged all members to attend.

Plans will be completed for the fall ceremonial which is to be held on Saturday, October 23. Petitions for the Order should be presented at this meeting.

All members taking part in the ceremonial are particularly asked to be present as a cast practice will be held following the meeting. Other practices are scheduled for October 8 at 7:30 p.m., October 13 at 8:00 p.m. and October 22 at 7:30 p.m. The cast director, Frank Smith, has urged all participating members to be present at these practices.

Plans will also be made for attendance at the Illinois State Grotto Association, a national convention which will be held in the city of Decatur on Saturday, October 16. This annual meeting will feature the annual business sessions with election of state officers, a state ceremonial parade, banquet and the investiture of the Order of Veiled Prophets. Edward A. Jackson, Past Monarch of Zingabado Grotto, and his Secretary for several years, will be presented for the office of State President. He has served in the State Association offices for the past several years.
